## *“Boosting Your California State Trial Court Win Rates with Legal Analytics”*

Presented By

Nicole Clark of *Trellis Research*

Join EACBA and Trellis for an engaging webinar as we cover how legal analytics enables you to analyze the behavior and history of your judge, competitive counsel, prospects, and clients to gain crucial insights into litigation history and ruling tendencies. We’ll show you how to leverage California state trial court data to be more efficient, more proactive, and achieve better results for your clients.

Nicole Clark is a business litigation and labor and employment attorney who has handled litigation in both state and federal courts. She has defended corporations and employers in complex class action and wage and hour disputes, as well as individual employment matters ranging from sexual harassment to wrongful termination. Additionally, Nicole is the CEO and co-founder of Trellis Research, a legal analytics platform that uses AI and machine learning to provide state trial court litigators with strategic legal intelligence and judicial analytics.
